

Spa Accessories

Volt Series Automatic Vacuums

- Volt FX-2
 - **Description:** The Volt FX-2 is one of the most affordable cordless vacuums in the industry. 3X debris capturing capacity, twice the power and a 30% larger vacuum head compared to other Spa vacuum and Hot Tub vacuums.
 - **Features:** D-Cell batteries, 2+ hours run time, 3 filter bags, large vacuum head.
- Volt FX-4
 - **Description:** The Volt FX-4 is one of the most efficient and affordable cordless vacuums in its industry. Water Tech Volt FX-4Li features higher debris capacity than the standard Pool Blaster Catfish to capture more leaves, dirt sand and debris. Additionally, the Volt FX-4 is lightweight and easy to use by hand or attach to any standard telescopic pool pole.
 - **Features:** Rechargeable battery, 1 X-Treme multilayered filter bag.

Hot Tub Cover Accessories

- Floating Bubble Cover
 - **Description:** Adding a floating bubble cover to your spa will not only save you money on electrical bills, but it will also extend the life of your hot tub cover as well. As water heats up, it will also evaporate and be absorbed into your cover. This shortens the life of your hot tub cover due to being water-logged. A bubble is placed between the water and your hot tub cover, therefore protecting the cover from any unwanted seepage. Additionally, the bubble cover will reduce extra costs on the electric bill in that it prevents the heat from the water from escaping.
- Spa Cover Cap/ Spa Protector
 - **Description:** The spa protector slides on top of your hot tub cover to protect it from natural elements, moisture build-up, and wear.
- Cover Lift
 - **Description:** A cover lift is an essential addition to your spa. It allows for effortless lifting of the hot tub cover and offers a support to prevent it from laying on the ground as you enjoy your luxurious retreat. The cover lift can easily be used by a single person.

Additional Spa Accessories

- Aqua Tray Spa Side Table

- **Description:** The durable Aqua Tray side table is an essential addition to any spa. It is ideal for holding beverages and/ or snacks while you relax in your hot tub.
- **Handrail**
 - **Description:** A handrail is the perfect solution to an easier access into and exiting your hot tub. Suitable for tubs up to 40" tall, this accessory includes a locking feature- which guarantees it stays in a fixed position to eliminate an unstable movement.
- **Spa Pillow**
 - **Description:** Neck pain? The spa pillow is the perfect solution for easing neck discomfort while relaxing in your spa. On the backside of the foam-filled pillow are two suction cups that mount the pillow to any hot tub/ bath tub surface.
- **X10 Water Filter**
 - **Description:** The X10 water filter gives you the quality of bottled water with the X10 KDF & granular activated charcoal filter. The filter's easy transferrable feature of screwing on to a garden allows for many uses, such as filtering water for: Pools and spas, drinking water for pets and livestock, RVs and boats, washing cars/ boats/ RVs, koi ponds and aquariums, cooling towers, fountains/ waterfalls/ and other water attractions. The X10 eliminates 99% of water contaminants caused by metals, minerals, lime, calcium, and volatile organic compounds.
- **Miracle Pads**
 - **Description:** Hydrotools™ Miracle Pad cleaning sponge removed dirt and grime without the use of harsh chemicals.
 - **Features:** 3 reusable Miracle Pads 6" x 3.75" x 0.4", 1 Miracle Pad Handle
- **Booster Seat**
 - **Description:** The Booster Seat is a versatile water-filled seat that adds comfort and convenience of enjoying the spa. Use as a booster seat or back support.
- **Mytee Mitt**
 - **Description:** The Mytee Mitt is a mildly abrasive mitt that cleans spa finishes. It contains a soft lining that protects hands, holds plenty of soap and water, and can work with or without cleansers. The Mytee Mitt can be used on spa finishes, tiles, cement, and vinyl.
- **Manual Pool & Spa Vacuum**
 - **Description:** This manual spa vacuum acts as a large syringe for removing dirt, silt, and leaves from the spa. It is ideal for quick touch up cleanings that do not require an automatic vacuum.
